MyPetID card template kit

How to make a state background for the MyPetID pet license card. Design the art only; the app prints the dog's photo, every word of info, the QR code and the barcode on top.

Canvas

- **Size:** 1088 × 714 px at 300 dpi (3.625 × 2.375 in). That is the card (1012 × 638 px, 3.375 × 2.125 in) plus a 1/8 in (38 px) bleed on every side.
- Bigger is fine if the shape is the same, e.g. 2176 × 1428 px.
- **Art must reach the red bleed edge.** The printer trims on the blue line, so the margin outside it is cut off.
- Keep anything important (state name, banner, seal) inside the green safe area.
- No rounded corners, drop shadow or white border: fill edge to edge. Corners are rounded when the card is cut.
- Save as PNG (or high-quality JPG), named by state code, e.g. **AL.png**.

What goes in your art

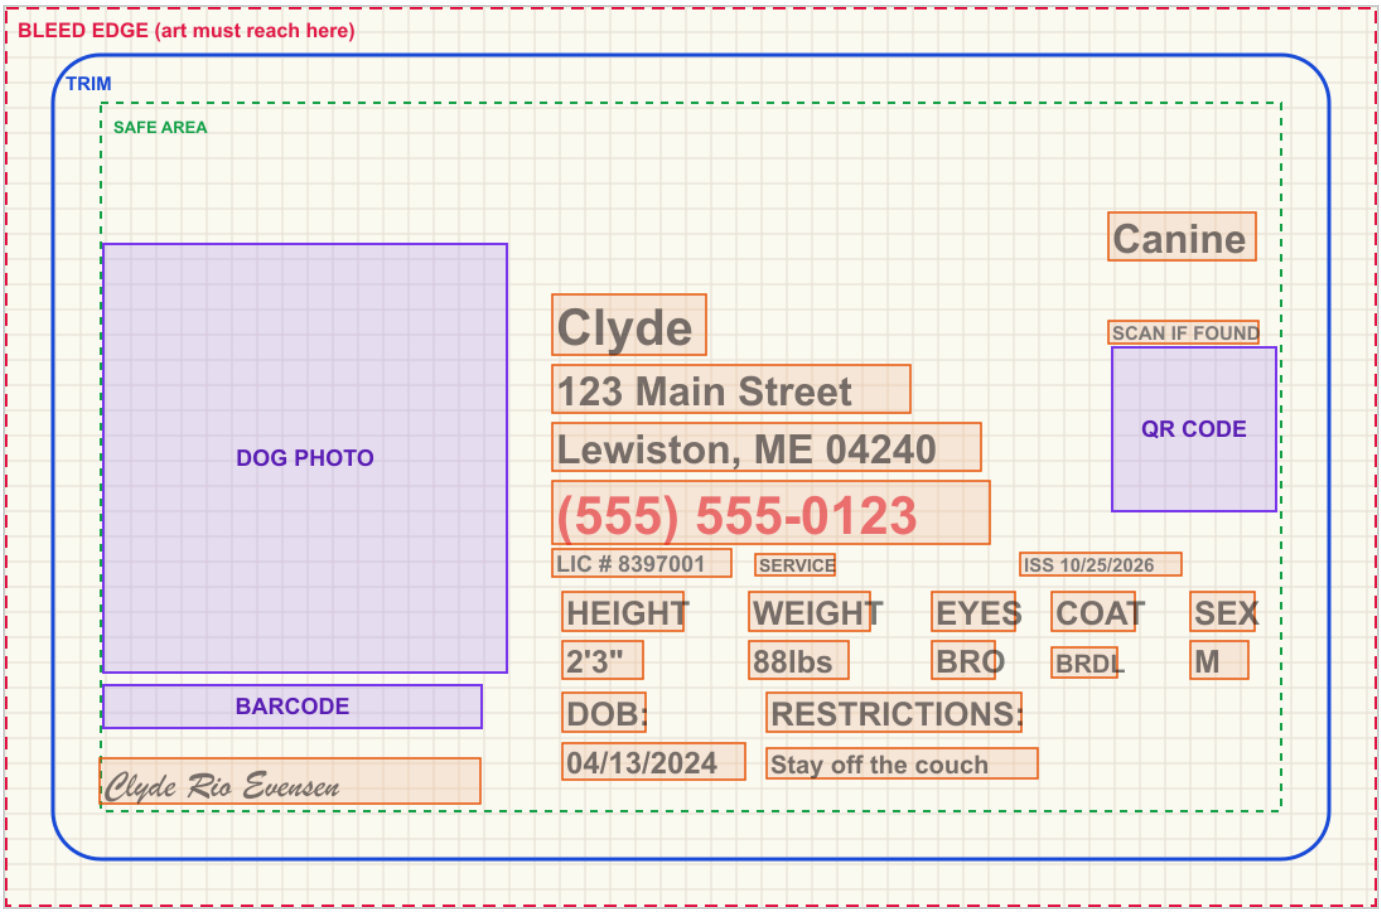

- The state name, any nickname line, the **PET DRIVERS LICENSE** banner (keep this on every card), background scenery and patterns, and decorations like stars or animals.
- Leave the orange and purple areas in the guide free of busy detail so the printed text stays readable.
- Use original art or art you have rights to, and avoid official state seals.

Using it in the app

- Admin → Card desk → pick the state → **Background** upload → tap **Artwork layout** (fields jump to the positions in this guide) → nudge or resize anything → **Save template**.
- Every dog in that state then uses the template. **All 51 templates** shows them side by side.

Guide

Bleed edge Trim Safe area Printed text Photo, QR, barcode

Lay **guide-overlay-transparent-1088x714.png** on top of your design as the top layer to check spacing, then hide it before you export.

Fields the app prints (card pixels, measured from the trim corner; text y = baseline)

Field	Filled from	Sample	x, y	Size
Dog photo	From the dog profile (cropped to fill the box)		40, 150	320 × 340
Species line	Canine / Service Canine / Support Canine / Therapy Canine / K9	Canine	840, 157	32 px
Dog name	Dog profile name	Clyde	399, 230	40 px
Street	Owner card address line 1 (+ apt)	123 Main Street	399, 278	32 px
City, state ZIP	Owner card address	Lewiston, ME 04240	399, 324	32 px
Phone	Phone printed on the card	(555) 555-0123	399, 380	42 px
License number	Rabies tag number + account number (3 digits): 8397 + 001	LIC # 8397001	399, 410	18 px
Status tags	Service, Support, Medical alert, Rescue… (small boxed words)	SERVICE	560, 410	14 px
Issued date	Set in the card desk; saved when the print file is made	ISS 10/25/2026	770, 410	15 px
QR code	Opens the dog's scan page		840, 232	130 × 130
Scan if found	Fixed text above the QR code	SCAN IF FOUND	840, 226	15 px
HEIGHT label	Fixed text	HEIGHT	407, 452	26 px
WEIGHT label	Fixed text	WEIGHT	555, 452	26 px
EYES label	Fixed text	EYES	700, 452	26 px
COAT label	Fixed text	COAT	795, 452	26 px
SEX label	Fixed text	SEX	905, 452	26 px
Height	Shoulder height, e.g. 2'3"	2'3"	407, 490	25 px
Weight	Pounds	88lbs	555, 490	25 px
Eyes	3-letter code (BRO, BLU, HAZ, AMB…)	BRO	700, 490	25 px

Coat color	Short code (BRDL, BLK/WHT…)	BRDL	795, 490	20 px
Sex	M / F	M	905, 490	25 px
DOB label	Fixed text	DOB:	407, 532	26 px
RESTRICTIONS label	Fixed text	RESTRICTIONS:	569, 532	26 px
Date of birth	MM/DD/YYYY	04/13/2024	407, 570	24 px
Restrictions	Owner's fun line, up to 34 characters	Stay off the couch	569, 570	20 px
Signature	Full name in the chosen script style	Clyde Rio Evensen	40, 588	30 px
Barcode	Tag code (under the photo by default)		40, 500	300 × 34

The license number is the dog's rabies tag number followed by the owner's account number padded to 3 digits (8397 + account 1 = 8397001). From account 1000 on it is the full number. Without a rabies tag, the microchip number is used.

All 51 templates to make

Code	State	Nickname	Suggested colors
AL	Alabama	Heart of Dixie	#9e1b32 #9e1b32 #c9a227
